Other Key Relationships	Managing Director Transport Manager Head of Commercial & Planning Waste, Commodities & Planning Manager	Plant Fitter Team Health, Safety & Compliance Team Drivers Contractors & Suppliers
General Summary	<p>Responsible for developing and managing an effective and prioritised schedule for undertaking inspections, MOT preparations, planned preventative maintenance, and responsive repair of fleet vehicles in a professional and safe manner.</p> <p>Responsible for managing, developing and leading the HGV Workshop team, driving forward continuous improvement in order to ensure the most efficient and effective service possible.</p>	
Core Responsibilities	<ul style="list-style-type: none"> • In communication with the Transport Manager, develop and implement an effective and organised plan to carry out repairs/maintenance and servicing of our fleet vehicles and trailers, using the most economical repair method (time and cost) to ensure the fleet remains operational with minimal downtime, and compliance with the company's operator licence and DVSA regulations. • Work in partnership with the Transport Manager and Waste, Commodities & Planning Manager to coordinate maintenance activity and achieve timely, prioritised maintenance, repair and servicing of our fleet vehicles, that meets current legislations, health and safety and DVSA standards. • Effectively communicate day to day requirements to the team, ensuring the team carry out scheduled works to the required standards and to deadline. • Ensure the HGV Workshop is covered at all times, as far as reasonably practicable, and that effective staff rotas are in place and continuously monitored. • As required, transport fleet vehicles to and from supplier sites, MOT centres etc., and attend off-site breakdowns. • Investigate and diagnose faults, report findings and carry out all repairs to the current manufacturer's standards, complying with warranty procedures and material. • Ensure effective fault diagnosis by the HGV Workshop Team and subsequent rectification of defects, including hydraulic, pneumatic and electrical. • Schedule and carry out regular inspections to check for defects and/or damages of fleet vehicle tyres and wheels, arranging for replacement or repair as required, in a timely manner. • Lead on stock control for the HGV Workshop, ensuring that parts, materials and tools are ordered and stocks maintained as required. 	

	<ul style="list-style-type: none"> • Develop and implement a system to ensure that parts, materials, and tools are stored safely and securely, logged in/out and kept in good working order at all times. • Support the Plant Fitter team with plant machinery repairs as required. • Monitor and take responsibility for maintaining a safe working environment by keeping the workshop and associated areas of work clean and tidy. • Advise and educate staff on basic maintenance, preventative measures, and potential consequences of poor maintenance, including providing Toolbox Talks alongside the Transport Manager as required. • Organise service and repair documentation and any/all other maintenance documentation in accordance with company standards and legal requirements. • Ensure clear and accurate written and verbal communications with suppliers, drivers, colleagues and managers at all times. • Take responsibility for managing own working time, seeking efficient ways to carry out own workload to maximise output and minimise wastage. <p>Managing People</p> <ul style="list-style-type: none"> • Manage, develop and mentor the HGV Workshop Team, in order to achieve best in class service in all activities, and to enable the staff to reach maximum potential within their roles. • Lead the HGV Workshop Team in building and maintaining excellent working relationships with the wider operational departments. • Ensure that staff in your area of responsibility receive effective training, from induction through to refresher training, regular Toolbox Talks, and guidance. • Communicate business objectives effectively to engage the team in your area of responsibility and build their commitment to achieving targets. • Play an active role in the recruitment and onboarding processes for your area of responsibility, screening and interviewing candidates, working with the HR team to promote and lead the effective induction and training of new starters. • Be proactive in challenging staff who are not performing or conducting themselves to the required standards, following HR procedures to manage issues effectively and taking an active role in the disciplinary, capability and grievance processes as needed. • In conjunction with the Operations Director, set effective KPI's to evaluate team performance and to plan improvements to drive forward efficiency within your area of responsibility. • Complete all administrative tasks associated with the management of the HGV Workshop Team are completed, including BrightHR updates, payroll information, holiday approvals/rotas, and overtime monitoring. • Monitor absences within the team, reporting appropriately and working with the HR team to manage absence levels as required. • Promote and consistently apply HR policies and procedures, leading by example at all times. • Any other duties commensurate with the role as instructed by the Transport Manager, Waste, Commodities & Planning Manager and/or Operations Director.
<p>Health and Safety</p>	<ul style="list-style-type: none"> • All individuals have a responsibility, under the Health and Safety at Work Act (1974) and any subsequent regulations, to ensure that the Company's health and safety policies and procedures are complied with to maintain a safe environment for our employees, customers, and site visitors. • Challenge staff and site visitors who do not follow the site safety procedures.

Health and Safety	<ul style="list-style-type: none"> Assist in maintaining the health, safety, and welfare of people (including yourself) Follow the Company guidelines in reporting faulty or defective equipment. Ensure all staff, customers and visitors are wearing the appropriate PPE. Report any risks or near misses to the Health, Safety & Compliance Manager.
Personal and Professional Development	<ul style="list-style-type: none"> Undertake any necessary activities to ensure that your own professional qualifications are maintained. Ensure ongoing personal and professional development by participating in performance reviews as requested. Identify and undertake activities to develop knowledge, skills and understanding where any gaps have been identified.
Confidentiality and GDPR	<ul style="list-style-type: none"> All staff must maintain the confidentiality of information about the Company, employees, or our customers in accordance with the Data Protection Act 2018. Individuals must not, without prior consent disclose any information relating to the Company, employees, or our customers.
Governance	<ul style="list-style-type: none"> Support the Company to work within the specific regulations such as governance and frameworks for the industry.
Policies and Procedures	<ul style="list-style-type: none"> All employees and site visitors are required to comply with the policies and procedures in place at J. Dickinson & Sons (Horwich Ltd), without exception.
